

The ESA BIC Sud France opened in 2013 and is managed by Aerospace Valley. The center is located in three regions in the south of France (Nouvelle Aquitaine, Occitanie, PACA) , offering entrepreneurs support and technical expertise for the the creation of innovative start-ups. ESA BIC Sud France is composed of the following members providing the best support to business creators: Six support structure: ESTIA Entreprendre, Bordeaux Technowest, CEEI Théogone, Midi-Pyrénées Incubator, BIC Montpellier Méditerranée Métropole and PACA-Est Incubator Two aerospace competitiveness clusters: Aerospace Valley and Safe The French Space Agency : CNES.

I-SEA

I-SEA offers innovative services for the monitoring and management of coastal areas.

Website

Founded in 2014 by

- Aurélie Dehouck

Incubation period

01-04-2015 to 01-12-2016

About I-SEA

I-SEA is a spin-off of Geo-Transfert (Technology transfer unit of the Bordeaux University and the ADERA). The BALIST service can provide bathymetric charts worldwide from satellite remote sensing data to be used by coastal end users (scientists, stakeholders, and industrial companies).

The challenge

The first version of I-SEA BALIST 2 project (BAthymetrie LIttorale par SaTellite 2) was formerly awarded by the Astrium Radar Challenge during the 2012 GMES Masters due to

its innovative aspect and relevance with regards to Copernicus services.

The solution

TBD
