

The ESA Business Incubation Centre in Harwell, UK, started its operations in 2011 and is managed by the Science and Technology Facilities Council (STFC). It is located at Harwell Campus, a world leading science, technology and business campus based in South Oxfordshire with more than 4,500 researchers, engineers and innovators from over 150 high-tech organisations, and a focal point and cluster for the UK's rapidly growing high-tech space community.

Ridersmate

Advanced GPS safety and tracking.

Website

Founded in 2014 by

Incubation period

01-02-2017 to 31-07-2018

About Ridersmate

Ridersmate helps riders of horses, bicycles and motorcycles by constantly tracking their location, speed, heading and altitude and sending an alert in the event of an accident. They are now extending the product range into the marine sector using the eCall Marine system for rescue at sea.
