

The ESA Business Incubation Centre in Harwell, UK, started its operations in 2011 and is managed by the Science and Technology Facilities Council (STFC). It is located at Harwell Campus, a world leading science, technology and business campus based in South Oxfordshire with more than 4,500 researchers, engineers and innovators from over 150 high-tech organisations, and a focal point and cluster for the UK's rapidly growing high-tech space community.

About e-canal

e-canal have developed a mobile application, e-canal-mapp, for the inland waterways. They specialise in the development of location-based services and provide information around the surrounding area of a specific waterway, without the need for internet access, providing fast and reliable information for the user.
